THE SECOND REGIMENT.

CAMP THOMAS, July 28.—The great and only Legion together with the Third Kentucky will doubtless be well on their way to Porto Rico by the time this reaches the reader and ere long we tin soldiers (?) and civilians will only have to be patrons of the Louisville dailies to read of the daring deeds and heroic bravery displayed on the field of battle by said great and only Legion. The Second Kentucky was the first to leave home, the first to be equipped, said to be the best drilled, but alas and woe she is still in old Chickamauga and will stay here until the park is thoroughly cleaned up and then she will go home a sad but wiser band. May, Hellman thinks we will be here till the 1st of October and I have believed from the first that we were here for the summer. The authorities are probably saving us for the "fall of Havana."

I noticed an article some time ago in the I. J. about the scarcity of republican patriotism in Lincoln and Casey counties. I also noticed in Sunday's Chattanooga Times where there were only 250 rads in the 5th Missouri Regiment and I am sure I would be safe in stating that at least two-thirds of the boys of the Second Kentucky are democrats. I am neither flattering or boasting, but stating what I believe to be the truth. Co. H. came from the strongest republican stronghold in the State, came from a section where a democrat stands as little show of election as an icicle in hades and I will wager two hard tacks and a piece of bacon that two-thirds of the boys in Co. H. are democrats. I would be safe in stating of the sons of the old civil war veterans that are in the Second Kentucky two-thirds of their fathers fought under the Stars and Bars. So patriotism is not yet on the wane with even true blue and dyed in the wool Southerners. I saw an old Johnny Reb Sunday in a fine new uniform. He was returning from the Atlanta reunion and was going over to the 36th Michigan camp to see some boys whose fathers his regiment and brigade had once such a struggle with.

The boys all chipped in and are building a fine bath house at the water pipe and will have shower baths from this on and it will save a mile or two's walk to the creek. It has been raining every day since Sunday and there was no drill this morning on account of rain. It gets pretty dry and dusty down here, but when it does rain it pours and it generally lasts from three days to a week. Ex Reynolds has just gotten out of the division hospital and looks like a corpse, he is so poor. He has had a pretty tough spell of it, but will be all right now in a few days. Well I must close for lack of news. If the "Old Second" should happen to do anything will wire you. CLARENCE COLEMAN.

The Reporter says that none of the applicants from Pulaski county got even in sight of a job under the new management of the penitentiary.

Ex-Congressman John W. Lewis, of Washington county, has decided not to seek the Republican nomination for Appellate Judge in the Third district.

The Eighth District Republican Committee has been called to meet at Nicholasville August 10 to select a time and place for holding the convention to nominate a Republican candidate for Congress in this district.

THE BEST REMEDY FOR FLUX.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me. For sale by Craig & Hoeker, Druggists."

His mother brought him home Tuesday, but he had a relapse and died. He often visited Danville and was at one time a bright student at Hogsett Academy. He was a noble boy and a splendid soldier. Many friends sympathize deeply and tenderly with the parents in this great sorrow, the loss of their first born.

Every town should have a public library. The Danville library under the management of Mr. J. B. Fisher and efficient librarian, Miss Laura Downton, has steadily increased until its volumes number 1,100. It started with 300 books, but the most helpful books in fiction, history and biography have been added from time to time. Its doors are within the limits of all, the initiation fee being \$1 and annual assessment \$1. "Books are a guide in youth and an entertainment for age."

CHURCH CHATTER.

Dr. A. C. Davidson has resigned the presidency of Georgetown College and accepted a call to a Birmingham Baptist church.

An item is going the rounds that Rev. F. S. Politt is dying at Covington, but as he married a couple Friday and preached at his church Sunday, we are safe in saying that it is untrue.

Mr. Calvin N. Caldwell, a return missionary, will lecture on "Missions" at the Presbyterian church Sunday morning at 11 o'clock and to the children at 4 in the afternoon.

The largest and finest colored church in Kentucky was recently dedicated in Owensboro. When finished and furnished it will cost \$50,000, of which \$30,000 has already been expended and there is no encumbrance of any kind on the church.

The meeting being conducted at Halls Gap by Revs. J. B. Crouch and Ira Partin is growing in grace and results. There have been 35 or more additions, including James H. Carter, who, it is reported, says he will never sell another drop of liquor. Praise the Lord.

COOL WISCONSIN RESORTS.—The Monon Route via Chicago is the proper line. Write E. H. Bacon, D. P. A., Monon Route, Louisville, for pamphlets, rates and time tables for all resorts in Wisconsin, Minnesota and Michigan. Information cheerfully given and services of an agent to meet all parties on arrival of trains at Louisville and Chicago rendered free.

The Hustonville fair offers a prize of \$10 for the prettiest baby and a premium of \$5 for the ugliest man. The association is evidently trying to incite a riot.—Louisville Times.

It was issued, the bride blushingly admitting when asked the number of her marriage that it was her fourth effort in that line.

Senator Lindsay declares that the terms of peace should be limited to a single sentence, and that should demand the absolute relinquishment of Spanish sovereignty in both the East and West Indies; and the Senate will never consent to anything else. The disposition of the islands or the form of government to be provided for them, he says, can be determined after due deliberation in the future.

Robert Helcomb, a teacher in Jackson county, was perhaps fatally stabbed by one of his pupils. The boy had done something wrong, when the teacher told him to come to him. On his refusal to do so, Helcomb went to the boy's seat, when the latter drew his knife and stabbed Helcomb repeatedly through the bowels.

Col. Breckinridge appealed to Gov. Bradley for the pardon of Joseph Adkins, slayer of Judge Combs of Perry County, and sentenced for life. Those who wish to remonstrate will be heard Aug. 20.

The three per cent bonds recently issued by the Government are now quoted at 104. Investors are willing to give up more than a year's interest to get them.

At New York Saturday there were 28 prostrations from the excessive heat, eight of which were fatal.

HUSTONVILLE.

The Christian Endeavor Society will give a concert in the near future.

Lincoln county people and adjoining counties are looking forward to our fair, beginning Aug. 10th and continuing three days. Several parties from Lexington, Danville, Harrodsburg and other towns have already secured stable room for their stock. Our fairs have always proven a success and from present indications this will eclipse all others.

Miss Bessie Adams, of Paris, Texas, is visiting her sister, Mrs. J. K. Baughman. Miss Louise Kauffman has returned to Lancaster, after a pleasant visit to relatives. Messrs. Archie Dunlap, Arch Holmes, Tilden Cook, Danville, Mr. Pulliam and sister, of Boyle, attended the "Patriotic Dinner" given at Mr. J. W. Hoeker's.

Mr. Lew Holmes and wife, of Louisville, are guests at Mr. T. J. Robinson's. Miss Anne Cook Huffman, of Lexington, is with Miss Lella Hopper. Miss Lella Wheeler, of Home, Ga., is visiting at Mr. Charles Wheeler's. Mrs. Will I. Heddens and daughters, of Kansas City, are with relatives.

The "Patriotic Dinner" given by Mr. June H. Hoeker and sister Wednesday evening, July 26th, at their home on Danville Avenue was the event of many seasons. It being strikingly original in every detail. The National colors were artistically used in decorating the entire house and lawn, and "Old Glory" made itself conspicuous from the time one entered the front gate, over which it hung aloft until the last good-bye was said. Mr. J. H. Hoeker, assisted by Miss Margaret Ingels, of Paris, J. B. Cook and Miss Mary Holmes Lusk received the guests in the spacious parlors at 3:30. At 8 the guests were invited into the dining room that "mignon" of red, white and blue, where a delightful dinner was elegantly served. The menu was particularly patriotic. After dinner the guests repaired to the parlor and lawn and Miss Lou Hoeker, assisted by Misses Sallie Cook, Anna Reid, Lucy and Mattie Alcorn entertained in their most inimitable style until the "wee sma' hours."

MATRIMONIAL MATTERS.

Oscar Jones, of Peytonville, O., sold his mother's Bible for money with which to buy his sweetheart flowers.

"Alas," sighed Mrs. Peek, "one can never tell what a day may bring forth." "That's true, my dear," replied Henry. "A man may be happy to-day and married tomorrow."

Isaac Snodgrass and Miss Kittle Gilbert, of Crab Orchard, were married at Jellico last Sunday afternoon. We join in with their many friends in offering congratulations.—Mt. Vernon Signal.

Rev. George Hardman, a well-known Methodist minister, and his wife, of Vanceburg, parted under remarkable circumstances. A few months ago Rev. Hardman, being a widower, married Mrs. George Kuopp, a handsome widow of 40, with a daughter of 18. The couple lived happily together until the stepdaughter said some harsh things about Deacon Thomas Evans, a close friend of Rev. Hardman. The latter went to his wife and said, "Your daughter has been persecuting my friend and must quit it." Mrs. Hardman thereupon went to her desk and wrote, "We, George Hardman and wife, agree to forever disagree." She signed it and handed it to her husband; he immediately affixed his name. The two shook hands, and Rev. Hardman left to return no more.

Immense fortunes have been made out of the banana business. Revenues do not accrue alone from the sale of the fruit, for the leaves are used for packing; the juice being strong in tannin, makes an indelible ink and shoe blacking, the wax found on the underside of the leaves is a valuable article of commerce; Manila hemp is made from the stems, and of this hemp are made mats, plaited work and lace handkerchiefs of the finest texture; moreover, the banana is ground into banana flour. The fruit to be sold for dessert is ripened by the dry warmth of flaring gas jets in the storage places in which it is kept, and immense care has to be taken to prevent softening or overripening. The island of Porto Rico yields great crops of this useful and moneymaking fruit.

The Louisville Post has again been taken in by the poetic contributor. Saturday it printed a poem ostensibly praising the Post but really an acoustic prelude: "The Post is a shameless Fakir." The same wag some times ago worked off on the Post a similar acoustic reading. "The Post is a Sucker."—Owensboro Messenger.

Putting a dummy baby into a baby carriage and tumbling it over a bluff just to hear a lot of women scream and "take on," is the Chicago idea of a joke.

The weight of the Greenland whale is 100 tons, which is equal to that of 88 elephants or 440 bears.

THE INTERIOR JOURNAL

STANFORD, KY., - AUG. 2, 1898

W. P. WALTON.

Democratic Nominee For Congress.
HON. G. G. GILBERT,
Of Shelby County.

WITH open arms and with bands playing American airs, the people of Ponce, Porto Rico, turned out in large numbers to welcome Gen. Miles and his army and the prosperous city of 40,000 inhabitants was occupied, without the slightest resistance from any quarter, the garrison having fled without firing a gun. Local officials distributed circulars advising the citizens to obey the American commander and declaring that prosperity had come with his army. Gen. Wilson was made military governor, but Gen. Miles assured the mayor that the local system would not be disturbed for the present. Orders were issued, however, releasing all political prisoners. The harbor at Ponce is a splendid one and all the troops will be landed there. Gen. Miles in reporting to the war department says that the weather is delightful and the country prosperous and beautiful. The navy captured several prizes in the harbor, besides 70 lighters, which were used to land the troops. Beyond a slight skirmish after landing at Guanalea, in which the Spanish were driven back with four killed and a number wounded, while only three Americans were slightly hurt, Gen. Miles' invasion of Porto Rico has been like marching through a friendly country, instead of one supposed to be hostile, so pronounced has been the welcome given.

C. C. WALLACE, chairman of the Madison county republican committee, is the latest to be "mentioned" for congress in this district, which no republican will let us pray, ever misrepresent in congress again. The various mentions of men for the office is flattering to their vanity and does no harm, but if there is a ghost of a chance for a republican, Davison will be the nominee, notwithstanding his half hearted declaration to make the race again. Those who know Davison best know that his present attitude in the race is in keeping with the sly and foxy bent of his disposition. The reason he gives for not wanting to run are groundless. He is not in bad health, nor has he any business here or elsewhere. He is anxious to be the republican candidate and will make the race, unless he is smart enough to see how the cat is sure to jump.

A YELLOW fever expert having asserted that champagne is absolutely necessary in the treatment of that disease, the prohibition papers are raising the usual howl and trying to prove that stimulants of that character invite rather than repel the attack. The Voice claims to have the authority of a physician for the statement that out of six patients treated with alcohol four died, while only one died out of 63 to whom it was not administered. Notwithstanding this the best opinion seems to be that champagne is decidedly beneficial in the treatment of the disease whose attacks on our soldiers is much more to be dreaded than a Spanish army with Krag-Jorgenson rifles.

THE souvenir edition of the Richmond Climax is a splendidly illustrated, finely printed, well written and a credit in every way to the city and county. It is double the usual size and is printed on finely calendered book paper. A picture of the staff with Clarence Woods clipping items from the INTERIOR JOURNAL, one of his favorite papers, shows a remarkably intelligent force from "Old Man Chenault" to the devil, and is a compliment to the INTERIOR JOURNAL that it fully and gratefully appreciates.

SICK and disheartened over his failure to float the Blue Grass Blade, the old heathen, Charley Moore, says he would shuffle off this mortal coil, but for those dependent on him. We suspect that Hamlet expresses his real reason in his famous soliloquy but we hope the old heathen will not harken to such things and let conscience make a coward of him, but go ahead with his rat killing and give the newspapers a big item.

SENATOR DEBOE is in the first district trying to prevent a republican nomination for congress and to get his party to support Bud Reeves, the populist nominee for the office, with the understanding that the pops are to return the favor in the gubernatorial race next year. It is very natural for Deboe to want to do this. He has a leaning to the pops any way as letters produced in his race for Senator show.

COMMODORE SCHLEY is as modest and generous as he is brave. In his report he says: "I am glad that I had an opportunity to contribute in the least to a victory that seems big enough for us all." Thus far the man who deserves all the glory is in happy contrast to Sampson's bombastic claims in his 4th of July dispatch and shows the marked difference in the men.

OUR last issue told of peace overtures by the Spanish government through the French Ambassador. The cabinet met and agreed upon the demands, but when the Ambassador was sent for Saturday to receive them, he presented to the president credentials he had received from the Spanish government appointing him Envoy Extraordinary and Plenipotentiary, with power to speak as Plenipotentiary for the government of Spain and with full instructions on every point at issue. This changed the aspect of things and he and the president discussed the matter at great length. A modification was consented to.

The concession was not given out, but it is said to relate entirely to the Philippines. Spain is to give up Cuba, Porto Rico to the United States, the Ludrones, possibly the Canaries and some other possessions, besides a money indemnity. Whether we are to retain the Philippines or merely a coaling station there is not known. An answer is not expected before today, and the president and the French Ambassador, Cambon, are confident that the terms will be accepted and the war speedily terminated. If we were dealing with any but the Spaniards there could be no doubt of the result, but we can't count on what they will do.

A Louisville Times correspondent says that the Howard-Baker feud began in Clay 30 years ago and has raged at intervals with great fury. From first to last it has shown itself in the McCoy-Hatfield feud, the Howard-Turner war of Harlan, the Turner-Partin troubles of Bell and the Rowan county battles. During all these mountain wars not less than 250 men have been killed. A story is afloat that peace has at last been patched up, but it is probably just a cessation of hostilities for both sides to get good and ready for more war.

BOTH the Bradley and the anti-Bradley factions are bringing to bear upon Collector John W. Yerkes to become a candidate for the republican nomination for governor, but the clever gentleman is shy, devilish shy. He knows that lightning rarely strikes twice in the same place and that next year will not be a republican year in Kentucky.

ONE of the foremost men of the 19th century closed an illustrious career when Bismarck, the Iron Chancellor, breathed his last. His death occurred at Friedrichsruh Saturday night, aged 83. He had done more for Germany than any man who ever lived and had impressed his personality on Europe as no man had ever done before.

THE Louisville Times says that but for Gen. Wheeler, "Old Fighting Joe," the battle at Santiago might have resulted in a rout of our army. Speak low, Logan. This is a republican war and it is treason to give a Southerner, especially an ex-Confederate, credit for so much or even anything.

THE trustees of the Houses of Reform met in Louisville Friday and did little but talk. If they do not get to business shortly, we shall cease to be their apologist and turn them over to the tender mercies of the Courier Journal.

WAR TALK.

Two Kentucky, one Georgia, a Maryland and an Arkansas regiment are all the Southern troops so far ordered to the front.

A six month's cruise will decrease the speed of a ship 15 per cent. This is owing to the barnacles that form on a ship's hull.

The president must think the war is over. He has engaged a suite of seven rooms in the Octagon Hotel at Sea-bright for four weeks.

Gen. Grant's brigade, including the First and Third Kentucky, now at Newport News, may not leave for Porto Rico until the last of next week.

"There is nobody quite so proud as the American girl whose best fellow is just back from Santiago with his arm in a sling," says the Washington Post.

Richard Harding Davis says the troops need plenty of tobacco. Spain herself finds it hard to wage war without any navy to back her.—Galveston News.

Private William Huston, Company K, Second Kentucky Regiment, died Sunday at the Leiter hospital of typhoid fever, making the third death in the regiment so far.

We regret to know that an effort is being made to have Quartermaster Mike Salter, of the 1st regiment, removed for incompetency. There's politics or spite work in it evidently.

The Spanish cruiser Infanta Maria Teresa is being pumped out, and will soon be floated and taken to Guantanamo, where she will be overhauled and thereafter fly the American flag.

The close of the war with Spain will not leave the Government of the United States without occupation. It will require a great deal of thinking to adapt Cuba to the new order of things.

An order has been issued for the sending of an additional entire army division of 15,000 men to re-enforce Gen. Miles and Brooke in Porto Rico.

Maj. Gen. Wade will command the division.

A private in a Southern regiment at Mobile struck his captain in the face while resisting arrest for disorderly conduct the other day. Within 24 hours he was court-martialed and was on the way to a military prison to serve a sentence of two years at hard labor.

Great Britain has in commission at the present time 52 battle-ships, 18 armored cruisers, 96 protected cruisers and 16 unprotected cruisers, making in all 182 arguments against the possibility of European interference in our little trouble with Spain.

Maj. Gen. Merritt arrived at Manila Bay July 25 and assumed command of the American troops as soon as he had called on Dewey. The remainder of his expedition was about four days behind. By this time there are now 11,000 soldiers at Manila and Gen. Merritt says he will need them all.

Gen. Shafter, to allay the fears of the Spanish and foreign merchants of Santiago, has cabled the President for authority to announce that the town will not be turned over to the Cubans, but that a sufficient American force will be retained there until the island is pacified and a stable Government established.

Lieutenants H. J. Cochran and C. B. Willis, of Co. B., Col. Colson's regiment at Lexington, wound up a spree in jail, after disgracing themselves at a bawdy house and being ridden through the town in a police wagon in the presence of a gaping public, who were attracted by their uniforms.

Private Will Lawson, of the Second Arkansas, was killed at Chickamauga while attending the target practice at the regimental range. He had been detailed to keep the target while the squad at practice were firing. During a period of firing a red flag is hoisted by the squad as a warning to the men attending the target. This flag was up, but Lawson for some reason stuck his head above the pit when a bullet passed through his head, killing him instantly.

Gen. Miles reports from Ponce, Porto Rico, having evidently restored the cable, that four-fifths of the people are overjoyed at the arrival of the army; that the volunteers are surrendering with arms and ammunition, and that the people are bringing in supplies. The custom-house has already yielded \$14,000. Gen. Miles says the army will be ready to move on San Juan as soon as the remaining forces have disembarked. The Spanish are in full retreat and are said to be burning plantations and sacking villages. They are accused of wreaking vengeance upon non-combatants and maltreating the women and children. Refugees are flocking into Ponce. All tell of Spanish brutality.

In Mason county last week 150 threshers were operating in a circuit of five miles.

Sales of a lot of extra export cattle at 4.82 1/2 are noted in the Winchester Democrat.

W. D. Roatt, of the Milledgeville section, lost a good mule by lightning on the 26th.

Mrs. Fister, of Fayette, raised 300 bushels of onions to the acre and sold them at 50 cents per bushel, realizing \$450 on three acres of ground.

Twenty-nine sheep introduced into the Australian colonies in 1788 are now represented by 120,000,000 of the finest wool sheep in the world.

W. S. McGuire and E. T. Pence, Jr., are back from Rockcastle, Jackson and Clay counties where they bought about 200 ewes, lambs and wethers at 2 to 3c.

W. J. Lowbridge, of Lexington, bought of John Marshall and J. H. Thorne of Fayette, 55,000 pounds of hemp from the '95 and '97 crops at \$4 per 112 pounds.

Sheriff Simmons, of Madison, sold his growing crop of wheat early in the spring at 55 cents to Covington, Arnold & Bro., who resold it at 92c. There were 1,200 bushels of it, says the Register.

The Harrodsburg Democrat reports sales of 15,000 bushels of wheat at 65 to 70c and says that Jack Chinn has stored his 2,000 bushels for a better price. Over 50,000 bushels are stored in town.

This is the way a farmer keeps off the caterpillars: "I bore a hole in the tree deep enough to reach the sap, fill it up with sulphur and plug it up. The sap takes it to every twig and the caterpillars disappear at once. I have never known a tree to be injured by it and have used it for years."

The Hamilins have had three great performers fall dead "in their trucks" on the race course. Several years ago Midnight Chimes 2:16 1/2, fell dead in a race at Mystic Park, Boston; in 1896 the great Nightingale 2:08, dropped dead while joggling at Louisville; and lastly, at the recent Hartford meeting Milan Chimes 2:34, fell dead in a heat.

COMPROMISED—President J. S. Hocker has compromised with the town for \$1,350 in full for all the taxes, including this year, against the First National Bank and agreed with the council that for the next five years his assessment shall be at the rate of 50 cents on the \$1. The Farmers Bank & Trust Co. have not agreed on the compromise.

THE Lincoln County National Bank, which is to succeed the Farmers Bank & Trust Co. was organized Saturday with a capital of \$100,000. The directors of the old will be directors of the new bank with the exception of Messrs. J. J. Williams and Wm. Gooch, who could not be present and who will doubtless be chosen again when the regular election comes.

NOT DEAD.—The report that Winfred Barnett, son of Mr. Brent Barnett, and nephew of Mrs. T. D. Newland, was killed in the battle of Santiago, proves happily untrue. He belongs to the 5th New York regiment and was in the thickest of the fight, which he says was terrible, but he didn't get a scratch, so he writes to Thomas Newland from Santiago under a recent date.

SHOCKED.—Capt. B. F. Powell is in receipt of sad news from his son, Quintman, who went to Texas some six months ago to live. He was getting over a wire fence when lightning struck near by and he was knocked senseless. The young man doesn't know how long he lay unconscious, but thinks it must have been some time. He is still in a precarious condition with one side entirely helpless.

DECLARED INSANE.—W. T. Dodd, a well-known citizen of McKinney, was declared insane by Judge Bailey's court yesterday and taken to the Lexington Asylum by Deputy W. T. Saunders. He does not look at all like a crazy man, but for some time he has acted erratic. He was engaged in the machine business and would make orders for people who had not bought and, try to make others pay for things they had not gotten. His latest craze was to start a livery stable and he was trying to buy all the horses and vehicles in the country. His wife finally got afraid to stay with him and the proceedings against him resulted. He had a sister also to lose her mind.

FOUND.—A doctor's prescription case. Owner can get it by paying finder \$1 and for this notice.

LIGHTNING struck a tree back of Mr. J. W. Rout's during the storm Thursday night and burned it up.

JUDGE BAILEY'S quarterly court is in session with four or five contested cases, among the 30 on the docket.

ON court day, Aug. 5, at 10 A. M. I will sell my household and kitchen furniture, wagon, plows, harrow, harness, &c., at my residence on Danville Ave. J. B. Higgins.

SUMMER shoes and gents' clothing almost at your own price at J. P. Jones'. He will not handle clothing after the stock is sold and he wants the room the shoes occupy.

"ADMIT one to the hanging of George Stephenson, Thursday, Aug. 18, 1898. Sam M. Owens, Sheriff." is the way the tickets to the execution just distributed by the above officer read.

BOY DROWNED.—Prof. E. L. Grubbs writes: A 13 year old Negro boy, named Arthur Higgins, was drowned while bathing in Mr. Zan. Trillible's small pond, at 6:30 P. M. Sunday. The pond had a 10 foot well in it.

THE shake up in the hotels throws W. F. Atkins, the well-known colored porter out, after having filled that position with the Myers for 20 years and under five different proprietors, from none of whom he ever got a cross word.

In putting the Gentry cars on the side track at Crab Orchard yesterday they were dented, delaying No. 23 several hours. All the passengers had gotten out and nobody was hurt. Mr. Bastin telephones us that 250 Gentrys have arrived.

GOODE.—The wife of W. R. Goode, who was Miss Julia Doolin, died at her home near Turnersville Friday and was buried in the Campbell burying ground Saturday after appropriate services at the grave by Eld. Ringo. She was about 40 years old and was an excellent christian woman. Besides a husband, three children survive.

THE Gentry's in charge of Gen. W. H. Gentry, of Lexington, passed up to Crab Orchard Springs in two special cars attached to No. 23 yesterday. About 40 of them came from Missouri, including a sister of Mrs. M. J. Miller. The representation is not as large as expected though there will be some 250 of them to enjoy the reunion and the festivities of the week. Col. J. G. Craddock was with the crowd, it goes without saying.

NOT AS BIG AS GRANDPA.—Mr. Wm. Gooch has a grandson who lives in Garrard, and who is a son of David A. Dodderar, who gives promise of being a dwarf. He is seven years old, only 30 inches tall and weighs but 31 pounds. The youngster's grandparents were large people, two of them weighing 225 each, and his parents are of ordinary size. He is a bright little fellow and seems to make up in brains what he lacks in size.

SOME McKinney men were here yesterday and told us that with a picked up nine, including George Afford and Dr. Roberts, went to Hustonville and did up the club there that has been practicing all summer, by a score of 11 to 3. Johnson and Lyons was their battery, while Camnitz and Dinwiddie pitched and caught for the Hustonvilles. They say that the defeat made Dinwiddie (A. B. C.) so sick that he has been in bed ever since and all the rest of the club are more or less indisposed.

GOGGIN.—We did not learn till a day or two ago of the death of Mr. W. F. Goggin, of Pulaski, which occurred week before last from paralysis, in the 65th year of his age. Judge Alcorn, whose niece he married, tells us that he was cashier of the first bank ever started in Stanford, the old Deposit Bank, and that he married Miss Kate Higgins, a half sister of Mr. Tim W. Higgins, and the daughter of the late Rev. John S. Higgins. He was also a brother of Miss Amanda Goggin and Mrs. T. M. Pennington, the latter at the point of death at Middlesboro. Mr. Goggin leaves five children, one of whom married Judge James Denton, of Somerset. He was a fine old gentleman and many friends here will regret to hear that he is no more.

THE water and light contract is still in abeyance, with only \$120 difference between the council and the company. At the meeting Friday Mr. Hundley moved to offer the company \$3,000 for water and lights for the town and the vote standing on it, Hundley and Rout for and Elmore and Stone against, Dr. Peyton, a director of the Water & Light Co., not voting and Mr. Straub being absent, Mayor Menefee said he would vote against the proposition, but said it might be withdrawn if the mover wished to do so and it was done. The regular meeting will be held Thursday night, when it is hoped that the matter will be satisfactorily settled. With three of the members of the council directly or indirectly connected with the works, the company will certainly get full justice, we should think.

Dr. and Mrs. J. S. Stapp were down from Crab Orchard yesterday. They will open College Home early in September.

The Glasgow News says Judge J. L. D. Guffy, of the Court of Appeals, is a prospective candidate for the republican nomination for governor.
